# Fireshield<sup>®</sup> Marine

## Fire Retardant Poplar Plywood

- Fireshield Marine is made for ships' flooring and furniture
- Each veneer is treated for fire resistancy
- HPL Ready
- Wheelmark-certified by IMO FTPC 2010 Part 5
- Approved for use as low flame-spread material
- Low weight: from 440kg/m<sup>3</sup>
- Floor: 2400mm x 600mm, tongue and groove on 4 sides for easy installment
- Furniture: 2440mm x 1220mm, clean-cut edges
- PEFC certified

## Floor

Thickness mm, TG	Quality, glue	Length mm	Width mm	Weight kg/m <sup>3</sup>	Pcs/bundle
21	III/III, AW100	2400	600	470	60
24	III/III, AW100	2400	600	470	60

During manufacturing each individual layer of core veneer is treated for fire resistance prior to the final assembly of the plywood panel, which provides flame- retardant properties throughout the board.

The flame retardant properties of Fireshield Marine are not compromised when the panel is machined or sanded.

## Furniture

Thickness mm, TG	Quality, glue	Length mm	Width mm	Weight kg/m <sup>3</sup>	Pcs/bundle
3	III/III, AW100	2440	1220	440	200
6	III/III, AW100	2440	1220	445	100
8	III/III, AW100	2440	1220	450	75
10	III/III, AW100	2440	1220	450	60
12	III/III, AW100	2440	1220	455	50
15	III/III, AW100	2440	1220	460	40
18	III/III, AW100	2440	1220	460	33
20	III/III, AW100	2440	1220	465	30
22	III/III, AW100	2440	1220	470	27
25	III/III, AW100	2440	1220	470	24
28	III/III, AW100	2440	1220	480	21
30	III/III, AW100	2440	1220	480	20

- lightweight
- smooth surface
- sustainably sourced
- minor colour variation
- outstanding surface quality
