

EC-TYPE EXAMINATION CERTIFICATE (MODULE B)

Certificate No:
MEDB00007J4
Revision No:
1

Application of: Directive 2014/90/EU of 23 July 2014 on marine equipment (MED), issued as "Forskrift om Skipsutstyr" by the Norwegian Maritime Authority. This Certificate is issued by DNV AS under the authority of the Government of Norway.

This is to certify:

That the Primary deck coverings

with type designation(s)
Weber Marine PU Flex Anti-slip Coating

Issued to
SAINT-GOBAIN BYGGEVARER AS
Oslo, Norway

is found to comply with the requirements in the following Regulations/Standards:

Regulation **(EU) 2022/1157**,

item No. MED/3.1. SOLAS 74 as amended, Regulation II-2/4, II-2/6 & X/3, 2000 HSC Code 7 and IMO 2010 FTP Code

Further details of the equipment and conditions for certification are given overleaf.

This Certificate is valid until **2026-09-14**.

Issued at **Høvik** on **2022-11-21**

DNV local unit:
East & South Norway CMC

Approval Engineer:
Tessa Bieber

Notified Body
No.: **0575**

for **DNV AS**

Sverre Olav Bergli
Head of Notified Body

A U.S. Coast Guard approval number will be assigned to the equipment when the production module has been completed and will appear on the production module certificate (module D, E or F), as allowed by the "Agreement between the United States of America and the EEA EFTA states on the mutual recognition of Certificates of Conformity for Marine Equipment" signed 17 October 2005, and amended by Decision No 1/2019 dated February 22nd, 2019.

The mark of conformity may only be affixed to the above type approved equipment and a Manufacturer's Declaration of Conformity issued when the production-surveillance module (D, E or F) of Annex B of the MED is fully complied with and controlled by a written inspection agreement with a Notified Body. The product liability rests with the manufacturer or his representative in accordance with Directive 2014/90/EU.

This certificate is valid for equipment, which is conform to the approved type. The manufacturer shall inform DNV AS of any changes to the approved equipment. This certificate remains valid unless suspended, withdrawn, recalled or cancelled.

Should the specified regulations or standards be amended during the validity of this certificate, the product is to be re-approved before being placed on board a vessel to which the amended regulations or standards apply.

LEGAL DISCLAIMER: Unless otherwise stated in the applicable contract with the holder of this document, or following from mandatory law, the liability of DNV AS, its parent companies and their subsidiaries as well as their officers, directors and employees ("DNV") arising from or in connection with the services rendered for the purpose of the issuance of this document or reliance thereon, whether in contract or in tort (including negligence), shall be limited to direct losses and under any circumstance be limited to 300,000 USD.

Product description

“Weber Marine PU Flex Anti-slip Coating”

is a floor construction consisting from bottom to top of approx. 0.9 mm thick layer of “weberfloor 4771N PU Flex Coating” (density 1.6 kg/m³), a layer of “weberfloor Quartz Sand” (grain size 0.3 – 0.8 mm, density 2.65 kg/m³) and approx. 0.9 mm thick layer of “weberfloor 4772N PU Top Coat” (density 1.4 kg/m³).

The floor construction has nominal thickness of 2 – 3 mm and nominal density of approx. 2.0 g/cm³.

Application/Limitation

Primary deck covering, not generating excessive quantities of smoke nor toxic products in fire.

The construction may be applied over any steel or non-combustible material.

weberfloor 4771N PU Flex Coating:

Approved for all colour variations

Max. organic content: 50 %

weberfloor 4772N PU Top Coat:

Approved for all colour variations.

Max. organic content: 66 %

Not to be used as an integrated part of a horizontal class A division unless tested as such.

The construction may also be used as floor covering in accordance with IMO 2010 FTP code Part 5 appendix 4 paragraph 4.9.2.

Each product is to be supplied with its manual for installation, use and maintenance.

Type Examination documentation

Test report No. 9P07182-24 dated 3 November 2020 from RISE, Borås, Sweden (product tested as ‘Weber Marine Outdoor PU Flex Coating’).

Test report No. 9P07182-28 dated 3 November 2020 from RISE, Borås, Sweden (product tested as ‘Weber Marine Outdoor PU Flex Coating’).

Tests carried out

Tested according to IMO 2010 FTP Code part 5 and 2.

Marking of product

The product or packing is to be marked with name and address of manufacturer, type designation, the MED Mark of Conformity and USCG approval number if applicable (see first page).
