**Norway Fleet in Service,
East-South**

for **DNV UK Ltd.**

Approval Engineer:
Roland Priebe

Approved Body No.: **0097**

Christine Mydlak-Röder
MER Service Responsible

**Maritime &
Coastguard
Agency**

UK Approved Body Authorised
by the MCA

This certificate will not be valid if the manufacturer makes any changes or modifications to the approved type of equipment, which have not been notified to, and agreed with the approved body named on this certificate.

During the period of validity of this certificate the applicable regulations (international conventions and the relevant resolutions and circulars of the IMO) and testing standards may change, therefore the product conformity may need to be re-assessed by the Approved Body.

"The Mark of Conformity" may only be affixed to the above type approved equipment and a Manufacturer's Declaration of Conformity issued when the production-control phase module (D, E or F) of Schedule 2 of the Merchant Shipping (Marine Equipment) Regulations 2016, as amended is fully complied with and controlled by a written inspection agreement with an approved body. In case limitations of use apply, these should be indicated in the Annex.

LEGAL DISCLAIMER: Unless otherwise stated in the applicable contract with the holder of this document, or following from mandatory law, the liability of DNV AS, its parent companies and their subsidiaries as well as their officers, directors and employees ("DNV") arising from or in connection with the services rendered for the purpose of the issuance of this document or reliance thereon, whether in contract or in tort (including negligence), shall be limited to direct losses and under any circumstance be limited to 300,000 USD.

Product description

“System weberepox easy”,
is a floor construction consisting from bottom to top of 2.0 mm thick “weberepox easy” epoxy tile adhesive (density 1700 kg/m³), 9.0 mm thick clinker (ceramic tiles) and in between the tiles, a 3.0 mm wide “weberepox easy” epoxy grout (density 1700 kg/m³) and/or a 3.0 mm wide “weber neutral silicon” (density 1050 kg/m³).

Application/Limitation

Primary deck covering, not generating excessive quantities of smoke nor toxic products in fire.

The construction may be applied over any low flame-spread floor covering, steel, or non-combustible material.

weberepox easy (epoxy tile adhesive):

Approved colour: Grey and brighter colours

Max. organic content: 35 %

weberepox easy (epoxy grout):

Approved colour: Grey and brighter colours

Max. organic content: 35 %

weber neutral silicon:

Approved colour: Grey and brighter colours

Max. organic content: 92 %

Any adhesive used, other than the one used during testing, has to be tested for low flame spread characteristics according to IMO 2010 FTP Code part 5 and to be approved according to the Marine Equipment Regulation and bear the Mark of Conformity.

Not to be used as an integrated part of a horizontal class A division unless tested as such.

The construction may also be used as floor covering in accordance with IMO 2010 FTP code part 5 appendix 4 paragraph 4.9.2.

Each product is to be supplied with its manual for installation and use.

Type Examination documentation

Test report No. 9P09296 dated 16 September 2020 from RISE, Borås, Sweden.

Tests carried out

Tested according to IMO 2010 FTP Code part 5 and Annex 2 item 2.2.

Marking of product

The product or packing is to be marked with name and address of manufacturer, type designation, fire technical rating and the UK Mark of Conformity (see first page).
